READ-A-BOOK PROGRAM

This distance learning self-study program allows early childhood professionals to earn training credit hours by reading children's literature and books on early childhood education and child development. The Office of Early Childhood Development, a part of the Virginia Department of Social Services, collaborated with the Library of Virginia to place sets of books in each of the 350 public libraries across Virginia. The Read-A-Book Program focuses on the importance of incorporating children's literature across the curriculum, reading to and with young children daily, understanding early brain development, fostering language and literacy development, and communicating successfully with young children. **This program currently offers two book report options for obtaining training credit hours.** You are encouraged to choose one or both to receive credit. You may read and report on more than one book, and be eligible to receive training credit hours for each new book with its corresponding book report submitted to VDSS for grading. All book report materials are free. A \$10.00 processing fee will be charged when you submit materials for grading. (Do not send your money until you submit your materials for grading.)

Option 1: Reading Children's Literature Books with Children

Option 1 requires you to read at least two children's literature books to your children and then develop a book report for each book that describes the activities and projects you developed to support the story or theme of the book. You may choose from the infant and toddler storybooks placed in each public library in Virginia, or you may choose to use two of your own favorite children's books.

Option 2: Reading Professional Books

Option 2 requires you to choose to read one of the professional books listed in the Read-A-Book Program booklet, and then complete the Professional Development Book Report developed for each book. Each Virginia public library has at least one copy of the professional development books listed in the Read-A-Book Program booklet.

To Participate

Interested individuals must request a copy of the Read-A-Book Program booklet from VDSS. The booklet includes book lists, instructions, and all forms required to participate in Option 1, and the list of professional development books and special instructions to participate in Option 2. A complete listing of Virginia public library locations throughout the Commonwealth is also included in the Read-A-Book Program Booklet. Librarians do not have the book report materials; you must contact VDSS.

VIDEO TRAINING SERIES

The Virginia Department of Social Services (VDSS) currently offers two video-based training programs with study guides and testing materials. These programs are self-paced and child care professionals may earn four, six, or eight clock hours of training credit upon successful completion of the assessment materials.

To Participate

Child care professionals borrow the DVDs/videotapes and receive copies of the study guides and test materials from one of the eight regional licensing offices listed below. There is no cost for the study guides or testing materials. A ten dollar (\$10.00) processing fee per person is charged when submitting the completed assessments for grading.

To apply to receive credit for participation in either video series, each individual must complete the assessment materials for each program. Individuals must receive a passing grade to be awarded training credit hours. Detailed instructions for participation are included with each study guide.

1 – DSS 101 - The Whole Child - A Caregiver's Guide to the First Five Years (TWC) is a video series production developed by WTVS Detroit and the Merrill-Palmer Institute at Wayne State University in 1998. It is based on the textbook of the same name written by Joanne Hendrick, Professor of Early Childhood Education Emerita at the University of Oklahoma.

2 – The Program for Infant/Toddler Caregivers (PITC) was developed by WestEd and the California Department of Education. A team of experts in child development, child care, adult education, and print and video production was assembled to work with national and state advisors to create this video production. The goal of the program was to develop meaningful training materials based on sound principles and proven practices. The materials were developed for both center-based and family day home providers and focus on caring for infants and toddlers.

To reserve the DVDs/videotapes for participation in either video series training program, please call your regional licensing office listed below.

CHILD ABUSE AND NEGLECT ONLINE COURSE

An online course called, Child Abuse and Neglect: Recognizing, Reporting, and Responding for Educators, is now available for child care providers. Originally, it was developed by VDSS with VISSTA and the Department of Education for teacher licensure. Successful completion of this course provides 2 clock hours of training credit. The course may be accessed at www.vcu.edu/vissta/training/va_teachers_and and all are welcome to take this course.

NATIONAL PROGRAM FOR PLAYGROUND SAFETY (NPPS) ONLINE TRAINING OPPORTUNITIES

NPPS offers online courses that target the needs of child care providers. Listed below are two options.

Early Childhood Outdoor Play Inspectors Program is an interactive online course that gives child care providers the knowledge and understanding needed to inspect the outdoor play area for safety. Through pictures, discussion, readings, and assignments, providers will gain the experience needed to inspect the early childhood outdoor play environment.

- Length of Course – once coursework is begun, participants have up to four weeks to complete the course, which is self-paced
- Clock Hours – 12 hours
- CEUs – 1.2

Playground Supervision for Child Care Providers is an online course that gives child care providers the opportunity to learn supervision practices in an outdoor play environment. Through instructional videos, pictures, and written information, providers will learn new supervision techniques to implement in their facilities.

- Length of Course – Once coursework is begun, participants have up to two weeks to complete the course, which is self-paced.
- Clock Hours – 1 hour
- CEUs – 0.1
